REMOVABLE RX

For Eclipse-Ti only
(Q-877 & Q-879 have integrated RX)

•
Ability to wear contacts and glasses

•
No down time with change in RX

“ I can't recommend Q-Optics loupes and headlight system enough! Fantastic vision, super lightweight and extremely comfortable.

The customer service is second to none. Nothing short of perfection. I've been using Q-Optics loupes since 2013. They even come with me on my annual charity trips to Uganda, Africa!! ” **Pat Popat** BSc (Hons) PTLLS RDH RDT

“ My loupes have meant I no longer suffer from posture issues as they allow me to see clearly from a distance. I'm able to work to a high standard as the visibility these loupes bring are brilliant!

Q-Optics attention to detail is great and I would highly recommend them to any dental professional in practice ” **Amber Ojak** RDH RDT

“ I was so happy to meet Joe via recommendation; the service has been second to none. The loupes and light system completely changed my standard of care and working life.

I use these loupes for all aspects of my work in skincare and aesthetics. The magnification and bespoke working distance make these a non-negotiable tool to work to the best of my ability ” **Annette Mathews** RDH RDT

“ In the 34 years that I have been using magnification in practice, my Q-Optics loupes have been the very best. They are incredibly light, unobtrusive and extremely comfortable to wear – I forget that I am wearing them.

I would strongly recommend Q-Optics loupes to any dental practitioner who wants the very best clinical vision while protecting their back and their posture through their career ” **Andrew Prynn** BDS
